

## INDONESIAN FISHERIES RESEARCH JOURNAL

### Instructions for Authors

#### Scope

Indonesian Fisheries Research Journal publishes research results on resources, environment, fishing technology, aquaculture, post harvest, and socio economic of marine, coastal and freshwater fisheries with special reference to South East Asian countries.

#### Manuscripts submission

Manuscripts submitted to the Journal must be original with clear definition of objective, materials used and methods applied and should not have been published or offered for publication elsewhere. The manuscripts should be written in English, in double-spaced typing on one side A4-size white papers. **Three copies** of the manuscript and a disk containing the manuscript file (s) produced using MS Word must be submitted to the **Managing Editor, Jl. Pasir Putih I Ancol Timur Jakarta 14430, Indonesia, E-mail: [library\\_prpt@indo.net.id](mailto:library_prpt@indo.net.id)**. There are no page charges for the manuscripts accepted for publications, unless otherwise indicated below.

#### Manuscripts preparation

- A **title page** should be provided which shows the title and the name(s) of the author(s). The author(s)' position and affiliation should be written as footnotes at the bottom of the title page.
- **Title** should not be more than 15 words.
- **Abstract** summarizes the study is not more than 250 words. Keywords (3-5) must be provided and conform with Agrovocs.
- **Introduction** should concisely establish the problems with which the article concerns, the purpose and the importance of the work. Do not use any sub-headings.
- **Materials** and **Methods** should clearly and concisely describe the experiment with sufficient details for independent repetition.
- **Results** are presented with optimum clarity with unnecessary detail. No same results should be presented in both tables and figures. **Tables** (double spaced, same font size with text, no vertical line, lower case superscript letters to indicate footnotes), and **illustration/figures** should be printed on separate sheets and given arabic number consecutively. **Illustrations/figures** should be submitted in original (1) and copied (2) forms and be sufficiently sharp for reproduction. **Photographs** are preferably black and white on glossy papers with good contrast. Color photographs of good quality are acceptable but the cost of reproduction must be paid for by the author(s). Exemption for bearing the cost can be sought from the publisher by written request.
- **Conclusion** should be short with regards to the title, objectives, and discussion of results.
- **Acknowledgement**, if necessary, should be kept minimum (less than 40 words).
- **References** should be cited in the text by the author(s)' family or last name and date in one or two forms: Wang (1985) or (Wang, 1985). For references with more than two authors, cite the first author plus *et al.* Full citation in alphabetical order is required for the reference list in the following style:

Heinen, J.M., D'Abramo, L.R., Robinette, H.R. and Murphy, M.J. 1989. Polyculture of two sizes of freshwater prawns (*Macrobrachium rosenbergii*) with fingerling channel catfish (*Ictalurus punctatus*). *J. World Aquaculture Soc.* 20(3): 72-75.

Collins, A. 1977. Process in acquiring knowledge. In Anderson, R.C., Spiro, R.J. and Montaque, W.E. (eds.). *Schooling and the Acquisition of Knowledge*. Lawrence Erlbaum, Hillsdale, New Jersey. p.339-363.

Bose, A.N., Ghosh, S.N., Yang, C.T. and Mitra, A. 1991. *Coastal Aquaculture Engineering*. Oxford & IBH Pub. Co. Pvt. Ltd., New Delhi. 365 pp.

Smith, T.I.J. and Sandifer, P.O. 1983. Development of prawn (*Macrobrachium rosenbergii*) farms in temperate climates: Prospects and problems in the United States. In Roger, G.L., Day, D. and Um, A. (eds.). *Proceedings of the First International Conference on Warm Water Aquaculture -Crustacea*. Brigham Young University, Laie, Hawaii, USA. p 109-126.

Unpublished materials should not be used, except for thesis which is cited as follows:

Simpson, B.K. 1984. *Isolation, Characterization and Some Applications of Trypsin from Greenland Cod (Gadus morhua)*. PhD Thesis. Memorial University of New Foundland, St. John's, New Foundland, Canada. 179 pp.
- **Acronyms or uncommon abbreviations** must be given in full with the first mentions; new abbreviations should be coined only for unwieldy name and should not be used at all unless the names occur frequently.
- **Latin name and family of the species** should be given besides its common name at first mention in the manuscript, and the common name only for the next mentions.
- **SI System** should be used for all measurements.
