

## INDONESIAN FISHERIES RESEARCH JOURNAL

### Guidance for Authors

#### Scope

The journal publishes research results on resource, environment, fishing technology, aquaculture, post harvest, and socio-economics of marine, coastal, and freshwater fisheries.

#### Language

Manuscript must be written in English.

#### Manuscripts Preparation

##### 1. Article organization is as follows:

- ❖ Title is written in capital letters not more than 10 words, and reflects the main idea.
  - ❖ Authors, name are written in order with footnote at the bottom of the title page mentioning profession and institution of the authors.
  - ❖ Abstract summarizes the study in not more than 250 words, describing background, objectives, materials and methods, results, and conclusions.
  - ❖ Introduction covers backgrounds, problem formulation, earlier research results which need to be contradicted or developed, hypothesis, objectives, and approach used.
  - ❖ Materials and Methods includes brief and detail descriptions of research time and place, materials used, data collection technique, experimental design applied, as well as data analysis method.
  - ❖ Results and Discussion. Results is data of facts being found, summarized in Tables or Figures. Discussion is review of the results which places the study in the larger context of fisheries science and literature.
  - ❖ Conclusions is presented in brief sentences and refers to title, objectives, and discussion of research result.
  - ❖ References are written in alphabetical order by first author's family name, as follows:
    - (book) Bose, A.N., S.N. Ghosh, C.T. Yang, and A. Mitra. 1991. Coastal aquaculture engineering. Oxford & IBH Publishing Co. Pvt. Ltd., New Delhi. 365pp.
    - (proceedings) Lopulisa, C. 1993. Klasifikasi gambut di Indonesia menurut US Soil Taxonomy dalam upaya meningkatkan pemahaman tentang sifat dan potensinya. *Dalam* T. Sugeng, B. Setiadi, B. Nurachman, D. Mulyono, E. Nursahid, dan Kasiran (eds.), *Prosiding Seminar Nasional Gambut II*. Himpunan Gambut Indonesia dan Badan Pengkajian dan Penerapan Teknologi, Jakarta: 94-103.
    - (book chapter) Sanders, E. and J.L. Fryer. 1988. Bacteria of fish. p.115-142. *In* B. Austin (ed.), *Methods in aquatic bacteriology*. John Wiley and Sons, Chichester, England.
    - (journal article) Widjaya-Adhi, I.P.G. 1986. Pengelolaan lahan rawa pasang surut dan lebak. *Jurnal Litbang Pertanian* V(1): 1-9.
  - ❖ Tables are presented with title above and legend below the tables.
  - ❖ Figures, schemes, flow charts, and photographs should be completed with title and legend.
2. Acronyms or unfamiliar abbreviations should be defined at first mention in the text.
  3. Latin name (italicized or underlined) and family of the species should be given besides its common name at first mention in the manuscript. Subsequent references may use the common name.

#### Manuscript submission

Two copies of manuscript typed in double-space using WS4 or WP51 program. Researchers under Central Research Institute for Fisheries should be sent to "Tim Penilai Makalah (TPM)" at Research Institution/Station, while outside researchers should be sent to Editorial Board of Indonesian Fisheries Research Journal, Jl. K.S. Tubun Petamburan VI, P.O. Box 6650 Slipi, Jakarta 11410A. Telp. (021) 5709162.
