

## **AUTHORSHIP STATEMENT**

We hereby submitted a manuscript of a research/study to publish at the *Indonesian Fisheries Research Journal* managed by the Research Center for Fisheries, titled: *Indonesian Southern Bluefin Tuna Thunnus maccoyii (Castelnau, 1872) as the main source of spawning stock biomass in Indian Ocean*

The data used and analysed in the manuscript are the results of our research activities of Biological Science, Mathematic and Natural Science, Udayana University in the year of 2016-2018.

We declare that the manuscript has not been or is not under assessment to publish in other journals or elsewhere and contains no data fabrication/falsification. We confirm that this manuscript is my/our own work, is not copied from any other person's work (published or unpublished) and has been thoroughly checked to avoid plagiarism. The co-authors included in the manuscript have been consulted prior to the submission of this manuscript and their approvals have been retained by indicated from their signatures below.

We understood and confirmed that any violation of the aforementioned codes of conduct including plagiarism can cause severe penalties including the withdrawal of the published article and two years prohibition to publish in all journals managed by the Research Center for Fisheries.

This statement is made to be used accordingly.
