

### INDONESIAN FISHERIES RESEARCH JOURNAL

#### Instructions for Authors

#### SCOPE

Indonesian Fisheries Research Journal publishes research results on resources, oceanography and limnology for fisheries, fisheries biology, management, socio-economic and enhancement, resource utilization, aquaculture, post harvest, of marine, coastal and inland waters.

## MANUSCRIPTS SUBMISSION

Manuscripts that meet the guidelines for Indonesian Fisheries Research Journal (in MS Word format, use the template of this article) must be submitted through one of the following ways:

- a. Delivery manuscript via e-mail of Indonesian Fisheries Research Journal Editorial (ifrj.puslitbangkan@gmail.com).
- b. Delivery of manuscripts to Online Submission System in the E Journal Portal of Indonesian Fisheries Research Journal (http://ejournal balitbang.kkp.go.id/index.php/ifrj) after registering as a writer and/or Reviewers in the section "Register". Please Attachment Statemen Letter Author.

#### MANUSCRIPTS PREPARATION

**ARTICLE TITLE**: The article title should be written briefly and clearly, and must pinpointing issues to be raised, does not allow its diverse interpretations, written entirely in capital letters symmetrically. Title of the article should not contain abbreviations that are not commonly used. The main ideas put forward in advance a new article is followed by other explanation.

**INTRODUCTION**: It should contain (in order) the general background, previous literature review (state of the art) as a basis for claiming a scientific novelty of the article, a statement of scientific novelty, and the research problem or hypothesis. At the end of the preliminary assessment purposes it should be written the article. In the scientific article format is not allowed their review of the literature as well as in the research report, but expressed in previous literature review (state of the art) to demonstrate the scientific novelty of the article.

MATERIALS AND METHODS: In Materials and Methods section it contains the main materials used in the study and the methods used in solving the problems, including methods of analysis. The materials are written here only in the form of the main materials only and must be equipped with the brand and its purity (eg: H2SO4 (Merck, 99 %)). Equipment that is written in this section only contains major appliance equipped with the brand (eg: electric Furnace (Carbolite)). The components supporting equipment need not be written. The series should be the main tool in this section is equipped with a caption. Caption placed to be part of the title of the image (figure caption) is not a part of the image. The methods used in the completion of the research written in this section.

**RESULTS AND DISCUSSION**: Results and Discussion must be separated. This section contains the results of research findings and scientific discussion. Please write the scientific findings (scientific finding) obtained from the results of research that has been done, but must be supported by sufficient data. Scientific findings are referred to here are not the data of the research results. These scientific findings should be explained scientifically include: What kinds of the scientific findings are obtained? Why did it happen? Why is such a variable trend? All these questions must be explained scientifically and not merely descriptive, if necessary it must be supported by the phenomena of adequate scientific basis. Furthermore, it should be explained also in comparison with the results of other researchers about the same topic. The results of the research and findings must be able to answer the research hypotheses in the introduction.

**CONCLUSION**: Conclusions describe the response of hypotheses and/ or purposes of research or scientific findings obtained. Conclusion not contain looping of results and discussion, but rather to a summary of the findings as expected in purpose or hypothesis. If necessary, at the end of the conclusion it can be also written things that will be associated with further ideas from the research.

**ACKNOWLEDGEMENTS**: Acknowledgements are mainly addressed to research funders or donors. Acknowledgements can also be delivered to the Parties that support the implementation of research.

**REFERENCES**: All references referred to in the text of the article must be listed at the References cited at least 25 titles. The references cited that comes from his own are a maximum of 5 articles. References should derived from primary sources (scientific journals and amounted to a minimum of 80 % of the total bibliography) published in last 10 (ten) years. Writing the references cited in Indonesian Fisheries Research Journal is in accordance with the format 6<sup>th</sup> Edition APA (American Psychological Association).

	Page
PEER-REVIEWER	i
ACKNOWLEDGEMENTS	ii
PREFACE	iii
CONTENTS	iv
ABSTRACT	v-vii
Genetic Diagnosis and Reproductive Biology of Introduced <i>Mystacoleucus Marginatus</i> in the Toba Lake, North Sumatra <i>By: Siswanta Kaban and Arif Wibowo.</i>	1-9
Reproductive Biology of the Red Bigeye ( <i>Priacanthus macracanthus</i> Cuvier, 1829) in Palabuhanratu Bay, Indonesia  By: Meuthia Aula Jabbar, Mohammad Mukhlis Kamal, Mennofatria Boer, Ali Suman and I Nyoman Suyasa	11-22
Using DNA Barcode to Improve the Identification of Marine Fish Larvae, Case Study Coastal Water Near Jakarta and Banda Sea, Indonesia  By: Arif Wibowo, Anthony Pangabean, Achmad Zamroni, Asep Priatna and Helman Nur Yusuf	23-30
Fisheries Sanctuary Planning in Practice: Lesson Learnt From Ecosystem Approach to Fisheries Management in North Kalimantan Province  By: Andhika Prima Prasetyo, Asep Priatna, Agus Setiyawan, Rodo Lasniroha, Fadli Yahya, Dian Oktaviani, Duto Nugroho, Rudy Masuswo Purwoko, Nurmayanti, Ersant Dirgantara, Hendri Antoro and Dahlan Burikki.	31-38
The Development of Harvest Strategies for Tropical Tuna in Indonesia's Archipelagic Waters  By: Fayakun Satria and Lilis Sadiyah	39-48
Chronology and Cause of Mass Mortality Event on Fish in the Lower Part of Yamaima River, Mimika Regency, Papua  By: Husnah, Choirulwan Umar and Aroef Rukmana Rais	49-59
Population Dynamic and Exploitation Rate of The Blue Swimming Crab ( <i>Portunus pelagicus</i> ) in The Kendari Waters  By: Ali Suman, Ap'idatul Hasanah, Khairul Amri, Andina Ramadhani Putri Pane and Pratiwi Lestari	61-67
CERTIFICATE	App. 68
AUTHOR GUIDELINES	App. 69
